SATURDAY, DEC. 13, 1902.

The value of a man's reputation for not being addicted to delirium tremens, in the estimation of a Summit county jury, has been judicially ascertained. It is just one dollar—whether silver or paper does not appear.

The Hon. C. F. Seese seems to be his own boomer at present in his candidacy for State School Commissioner. He doubtless wants to size the situation up personally before placing himself "in the hands of his friends."

Five organizations in Akron are planning to give dinners to the poor on Christmas, to say nothing of what will be done individually by kind hearted citizens. The poor are always well cared for in this city, and it is something of which every citizen should feel proud.

However, to be fair, it must be said that the City Commissioners have plenty to do at present. A new City Hall, a \$60,000 bond issue, a crying demand from the fire department for 20 extra men and 10 horses, and a row in the Police department, would keep the minds of most any body of men free from peaceful calm.

It may be considered as almost unfortunate for Col. Myron T. Herrick that the Foraker forces have openly exhibited signs of inclining toward his gubernatorial boom. This is because Senator Hanna is also a warm friend of Col. Herrick, but not so much so that he could afford for a moment to lose sight of Senator Foraker lined up as the champion of a candidate. It will practically force Uncle Mark into the contest for Gen. Dick, but this, of course, has been practically assured from the beginning. Then will come another Foraker-Hanna struggle—with the usual result following.

Mrs. Robert J. Burdette, vice president of the General Federation of Women's clubs, in a recent lecture before the West End club of Chicago said: "If the club woman does not make the best companion for her husband and the best comrade for her boy, there is either something wrong with the club or with the woman's views. Club life for women should prepare them for making better wives and mothers or the club has not accomplished its mission."

This is worthy of more than passing consideration.

FINED

Upon Charge of Scattering Paper on Street.

Frank Pfeiffer was charged in Police court Saturday morning with scattering paper on the street contrary to law. It was maintained that he was hauling paper from Akron to Cuyahoga Falls, and a considerable amount was blown along North Howard st. He testified that he had blankets over the load and had a man watching it. He was fined \$1 and costs.

Minor Offenses.

O. T. Renner pleaded guilty to intoxication in Police court Saturday morning and was fined \$1 and costs. Harry Baus pleaded guilty to the same charge and was fined \$2 and costs. His wife is dead and he is supporting his mother, so he testified.

Charles Smith, a Pittsburg man, who has been in the city two days, pleaded guilty to intoxication, and Mayor Doyle imposed a fine of \$2 and costs. J. P. Green was fined \$2 and costs after pleading guilty to intoxication.

WILLIE AND MARIE.

"It was the night before Christmas, And all over the house Not a creature was stirring, Not even a mouse."

"Then Old Chris walked boldly in; Placed gifts for each and every one. The candy he brought with him Was Lafferty's, from where he'd just come."

Willie—"How'd you know?"
Marie—"Because it was good candy."

Wise and Otherwise

Shortest day almost here.

Remember the date, the 25th.

After a while the rummage sale.

Laugh a little, just for fun. That's the boy!

About time for Christmas trees to straggle into market.

The Grange will now have to divide its popularity with the Literary.

That play "The Sleeping City" should take excellently in Canton.

No need of longing for ice on the lakes. Skating's too good on the streets.

Don't worry about the toy trust: Santa Claus is independent and fearless.

Don't slight the popcorn ball, while making purchases for little Willie and Susie.

The next problem will be whether or not to sit up and watch the New Year in.

Lots of candy being sold these days. The dentist rejoices almost as much as the candy dealer.

Most of the Christmas invitations have been sent and accepted, or declined, as the case may be.

"Uncle Joe" Kendall is regarded as a deputy Santa Claus by those who have had occasion to know his kindness.

Wouldn't it have seemed funny, if the Commissioners had returned to Akron, leading the new fire horses by a rope?

It is said upon good authority that the man who wrote "Life Is But a Dream" never worked in a planing mill or ran for Mayor.

It is also a good thing for the Republican candidates for Mayor that one Dr. L. S. Elbright was recently reappointed to a nicer job.

Aurora Borealis is almost due. In some sections the Aurora is regarded by the old folks as only another excuse for the young ones to sit up late.

Good many people who are "in the hands of their friends" are becoming impatient of the delay of these "friends" in starting the ball a-rolling.

The statement that City Commissioner Wilson has gained 250 pounds since becoming a member of the House is a canard that deserves repudiation at the polls.

"Hey diddle, diddle, the cat and the fiddle." The attempt of Chief Durkin to claim the authorship of these beautiful, sentimental lines causes the worst to be feared.

Late advices are to the effect that "Sam" Rogers is yearning for another mess of Lake Erie "rollers." There's a man who can spot a good fish the moment he sets eyes on it.

He is indeed a mean man who takes advantage of his wife to the extent of buying her a pipe and tobacco for Christmas, just because she suggested that the presents they bought each other should be "things for the house."

The Commissioners are especially interested in matters pertaining to "fires" now. They want to buy fire horses, and attorneys for Prison-keeper Washler claim they wanted to fire him.

The person who intimidated, at the time the Commissioners went to look up those fire horses, that Commissioner Wilson didn't know a spavin from a case of "heaves," told a base and malicious falsehood.

The response to the invitation to "Keep the Pot Boiling," and provide a Christmas dinner for the city's poor, has not as yet been as thorough as was expected when the project was launched.

The activity of the Central American volcanoes at this time may mean that Venezuela may sink out of sight, and there will be nothing for England and France to fight for.

The right problem just now is: How can Sheriff Barker live in the apartments of the new jail, and watch the prisoners at the old one at the same time? If they can't keep men in jail when they are there to watch them, how can they keep men in jail when they are not there?

Here's a very touching little spam for some bright boy to commit to memory:

"I am quite small to go to school, But you can see I am no fool—I studied hard this speech to say And now I'll bow and go away."

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure:

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I was with terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse."

"At the suggestion of a friend of my mother's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Young Lady, Anna, of Pearl, 174 St. Ann's Ave., New York City."

No Let-Up In Election of Lodge Officers.

Tip Top tent met Monday evening, with a fair attendance. The Degree team not being in good shape, two candidates were taken into the order by obligation. Several applications for membership were also received. Capt. Mattison would like to have all Sir Knights who are desirous of becoming members of the new team to report at the hall on Monday evening. The trustees have about closed a contract with some new musicians, who will do double duty with us next review. The social committee wants to impress all Sir Knights with the fact that a free social will be given the last Friday night of each and every month until further notice. These socials are to be given in conjunction with the ladies of Protection Hive and a good time is assured all those who attend. The following officers were elected at a recent review and will be installed at an early date: Commander, A. R. Vallen; lieutenant commander, S. Smith; chaplain, H. E. Richardson; R. K. P. H. Ferriol; sergeant, R. J. Baum; master at arms, H. Schaefer; F. M. G., C. Brown; S. M. G., P. Houser; sentinel, E. Edling; picket, Wm. Cold; past commander, Wm. Mattison; trustee, M. J. Miller.

Independent Hive Sewing society will meet all day Wednesday, Dec. 17, at the home of Lady Mire, 112 Kohn st., and all ladies should try to attend, as we have 12 aprons to make, and the quilt is to be finished before the holidays. Bring your lunches, please.

The next meeting of Busy Bee hive will be held Tuesday evening, Dec. 23, in K. O. T. M. hall, in the Abbey block. For capita tax for social members was due on the first day of December, and it must be paid by the last of the month. Now, ladies, do not put it off for one day longer, as I have strict orders from the Supreme Record Keeper that the same must be forwarded to the Great Record Keeper by the first of January and whoever has not paid by that time will be suspended. Remember, ladies, we cannot install our new officers until the same has been sent and we receive our certificate of good standing from the Supreme Record Keeper. On Jan. 1, 1903, the dues for the first quarter of the year, 1903, will be due from all members, and also assessment No. 69 for life benefit members will be due. Now, ladies both of these must be paid by the last of January, or you stand suspended. Hereafter, I must forward my assessment report on the first day of the following month in which assessments come due. Please notice this carefully, ladies. On next Tuesday, Dec. 16, the social committee of Busy Bee hive will hold a sale all day and in the evening they will

give a dance. Old and new-fashioned dances will be played.

Protection Hive will meet next Tuesday evening, in regular review. Social members, please remember the tax. A number of the ladies spent Thursday at Lady Oxlley's, and all report a day spent in doing much good. All ladies are welcome at the meetings. This was the closing of the year's work and both chairmen report a profitable year financially and socially.

UNIFORM RANK, K. O. T. M.

For some time past Unity division has not been represented in these columns, but the boys have been busy "sawing wood." At the last meeting three candidates were admitted. We have eight in waiting and prospects for a dozen more. We are in second place in the Big Ten and by Jan. 1 we hope to gain first. We have Cleveland's scarp and Pueblo is on the run.

Friday night, Dec. 5, the Division visited Canton. Everybody had a good time and plenty to eat.

We regret to report that Capt. Rawling has been on the sick list since Tuesday. At this writing he is no better. He will be glad to see you any time. A surprise was sprung on the Record Keeper last Thursday evening.

About 40 of his friends gathered to remind him that another milestone in life's journey had passed. The Division was well represented. A good time was had. Sorry the captain was absent, for this is the first time he missed the cake. He is always a sure winner. Sir Knight Paulus has just returned from a six weeks' visit in Michigan. Glad to have him on hand for drills.

There will be no meetings Dec. 25, and Jan. 1 on account of the holidays. Look out for a special on this account.

K. O. T. M.

Akron tent at its review last Monday evening received six applications and balloted on seven applicants. The Relief committee made a good report. Sir Knight Hull resigned as finance keeper, and Sir Knight I. W. Jones was elected in his stead. Sir Knight J. W. Worren succeeds himself as captain of the degree team and he wants a good attendance next Monday evening for the initiation of about 15 candidates.

DAUGHTERS OF LIBERTY.

Columbia Council held a good session on the 4th, preparatory to the closing of term. There were some things not mentioned that must not be put off too long, such as closing accounts for the year and reports of officers, for the auditing committee will call for the books early. Next meeting is expected to be a lively one and a long one, too, as it always is at the election of officers. Every member should have his receipts at hand so as to save time or any grounds for dispute. Let us start in the new year with a perfect understanding. Those in arrears for dues should have them fixed up in proper shape at the next meeting, Dec. 18. The masquerade last Monday evening was an enjoyable affair to those taking part, and would have been more so with a larger crowd. Prizes were awarded to those best representing characters, and the most comical. It was voted at our last meeting to attend the box social on Friday evening at 116 South Howard st., given by the O. U. A. M., and have a good time in getting acquainted with them. A joint movement is on foot for the benefit of patriotic orders generally. F. B. D. No. 171 is due at the next meeting. The sick were all reported improving and no new cases.

I. O. O. F.

Summit lodge initiated three candidates last Monday evening. Next Monday evening they will confer the first degree, and a good attendance is desired. The members of Summit lodge will visit Apollo lodge Wednesday evening, Dec. 17. All Odd Fellows are invited to go with us and have a good time.

NERVES ALL UNSTRUNG

That describes the condition exactly. Children's noise, street sounds, little things that usually pass unnoticed annoy. A sudden sound, a call, you jump; a harsh word, a crying spell. The sleep is full of jerks and starts; trouble fills your dreams; you do not rest. Tired you go to bed, weary you rise. It's the unstrung nerves, weak, shattered, over sensitive, on edge. They need rest, quiet, strength, steadiness. Well-known people in your own city give you the cure in Dr. A. W. Chase's Nerve Pills—the most remarkably successful nerve medicine ever produced.
